**RULES, STATUTES, AND COMMANDMENTS ...**
Help us to live in a society. In today’s Gospel Jesus points out that God’s laws take precedence over human precepts. God’s precepts are not just directed at forming external behaviour. As Jesus makes it clear, it is one’s internal attitude that can be in need of reformation. Ultimately, the Commandments of the Lord require a change of heart!

Regarding the National Institute of Health guidelines authorizing destruction of human embryos for research, Cardinal Justin Rigali [Chairman of the U.S. Bishops’ Pro-Life Secretariat] said: “Without unconditional respect for the life of each and every member of the human race, research involving human subjects does not represent true progress. It becomes another for some human beings to use and mistreat others for their own goals. Suffering patients and their families deserve better, through increased support for promising and ethically sound stem cell research and treatments that harm no one.” [USCCB Statement 4/21/09]
